When comparing rates, please keep in mind that the cost of providing service is significantly different in all agencies.

Some have significant pumping expenses, but low treatment and storage costs, others have hydropower that helps reduce the cost of providing service.

PID average residential customer uses 1,400 Cu. Ft / Month

- a Water Rates are Higher if Customer does not submit a Water Department Conservation Affidavit.
- b Winter Rates are Higher.
- c Does not include \$1.00 Fire Hydrant Maintenance Surcharge.

Water prices for PID and neighboring agencies are numbered from 1-9 for each water usage example. 1 being the lowest water rate in that column and 9 being the highest cost for water.
